

## Welcome to luka Feeds!

### Who We Are

Welcome to luka Feeds, a trusted name in agricultural feed manufacturing located in the heart of Pratt, KS. At luka Feeds, we pride ourselves on our deep-rooted commitment to serving the farming community with high-quality, nutritious animal feed. With years of expertise in the industry, we understand the unique needs of our customers and their livestock. Our dedicated team works tirelessly to ensure that every product we offer meets the highest standards of quality and safety.

### What We Do

At luka Feeds, our mission is to enhance the productivity and health of your animals through expertly crafted feed solutions. We specialize in manufacturing animal feed tailored to your specific requirements, ensuring optimal nutrition and performance. Whether you need standard feed or have unique needs for custom rations, our state-of-the-art facilities and knowledgeable staff are equipped to deliver precisely what you need. We work closely with our customers to understand their goals and challenges, providing feed solutions that support the growth and well-being of their livestock and poultry.

### Our Products

We offer a diverse range of products to cater to various livestock and poultry needs, from stock rations to fully customized feed blends. Our stock feed includes balanced and nutrient-rich options for different species, ensuring that your animals receive the essential nutrients they need to thrive. For those with specific nutritional requirements or preferences, our custom rations are designed to meet exact specifications, providing a tailored approach to animal nutrition. Trust luka Feeds to supply you with the high-quality feed that supports the health and productivity of your livestock and poultry, helping you achieve your goals

## Summer Grass Mineral

### GUARANTEED ANALYSIS

Calcium, Min %.....	16.30
Calcium, Max %.....	19.50
Phosphorus, Min % .....	5.95
Salt, Min %.....	16.30
Salt, Max %.....	19.50
Magnesium, Min%.....	1.90
Copper, Min ppm .....	2,500
Selenium, Min ppm.....	18.60
Vitamin A, Min I.U./lb.....	100,000
Vitamin D, Min I.U./lb.....	50,000
Vitamin E, Min I.U./lb.....	71.00

### FEEDING DIRECTIONS

Feed this mineral to your cattle so that they consume 3-4 ounces per head per day. Do not supply other sources of salt as this mineral supplies the daily need for salt.

**Feed Code: 5100**

## Triple 12 Mineral

### GUARANTEED ANALYSIS

Calcium, Min %.....	12.50
Calcium, Max %.....	15.00
Phosphorus, Min % .....	12.00
Salt, Min %.....	10.90
Salt, Max %.....	13.00
Magnesium, Min PPM .....	2.00
Copper, Min PPM .....	2400
Selenium, Min PPM.....	9.00
Vitamin A, Min KIU/lb.....	200,000
Vitamin D, Min KIU/lb .....	67,000
Vitamin E, Min KIU/lb.....	200

### FEEDING DIRECTIONS

Feed Triple 12 Mineral free choice to pasture cattle along with pasture or supplemental forage and fresh water. Place Triple 12 Mineral where cattle congregate such as at watering sites, feeding areas and loafing areas. Make sure that all cattle have equal access to mineral. Do not feed other sources of salt.

**Feed Code: 5500**

## Mag 14 Mineral Weatherized

### GUARANTEED ANALYSIS

Calcium, Min %.....	12.20
Calcium, Max %.....	14.60
Phosphorus, Min %.....	3.50
Salt, Min %.....	15.00
Salt, Max %.....	17.75
Magnesium, Min % .....	14.00
Copper, Min PPM .....	2410
Selenium, Min PPM .....	12.00
Vitamin A, USP Units/lb. ....	70,000
Vitamin D, USP Units/lb. ....	23,250
Vitamin E, USP Units/lb. ....	21.00

### FEEDING DIRECTIONS

Feed free choice to pasture cattle consuming lush spring pasture. Supply enough mineral feeders so all cattle have the opportunity to consume the mineral daily. Place feeders in the pasture in loafing, grazing and watering areas. Do not supply additional sources of salt

**Feed Code: 5601**

## Wheat Pasture Mineral

### GUARANTEED ANALYSIS

Calcium, Min % .....	18.00
Calcium, Max % .....	21.50
Phosphorus, Min % .....	4.00
Salt, Min % .....	16.30
Salt, Max % .....	19.50
Magnesium, Min %.....	6.00
Copper, Min PPM.....	1,200
Selenium, Min PPM.....	11.00
Vitamin A, I.U./lb. ....	105,000
Vitamin D, I.U./lb. ....	80,000
Vitamin E, I.U./lb. ....	100.00

### FEEDING DIRECTIONS

Feed so that each animal consumes 3 -4 ounces of mineral each day.

**Feed Code: 5700**

## Wheat Pasture Mineral B1440 Medicated

For increased rate of weight gain in pasture cattle (slaughter, stocker, feeder cattle, dairy and beef replacement heifer)

### ACTIVE DRUG INGREDIENT

Lasalocid ..... 1440 grams/ton

### GUARANTEED ANALYSIS

Calcium, Min %.....	17.90
Calcium, Max % .....	21.40
Phosphorus, Min %.....	4.00
Salt, Min %.....	16.30
Salt, Max % .....	19.50
Magnesium, Min % .....	6.00
Copper, Min PPM.....	1,200
Selenium, Min PPM .....	11.00
Vitamin A, I.U./lb. ....	105,000
