

## Welcome to Iuka Feeds!

### Who We Are

Welcome to Iuka Feeds, a trusted name in agricultural feed manufacturing located in the heart of Pratt, KS. At Iuka Feeds, we pride ourselves on our deep-rooted commitment to serving the farming community with high-quality, nutritious animal feed. With years of expertise in the industry, we understand the unique needs of our customers and their livestock. Our dedicated team works tirelessly to ensure that every product we offer meets the highest standards of quality and safety.

### What We Do

At Iuka Feeds, our mission is to enhance the productivity and health of your animals through expertly crafted feed solutions. We specialize in manufacturing animal feed tailored to your specific requirements, ensuring optimal nutrition and performance. Whether you need standard feed or have unique needs for custom rations, our state-of-the-art facilities and knowledgeable staff are equipped to deliver precisely what you need. We work closely with our customers to understand their goals and challenges, providing feed solutions that support the growth and well-being of their livestock and poultry.

### Our Products

We offer a diverse range of products to cater to various livestock and poultry needs, from stock rations to fully customized feed blends. Our stock feed includes balanced and nutrient-rich options for different species, ensuring that your animals receive the essential nutrients they need to thrive. For those with specific nutritional requirements or preferences, our custom rations are designed to meet exact specifications, providing a tailored approach to animal nutrition. Trust Iuka Feeds to supply you with the high-quality feed that supports the health and productivity of your livestock and poultry, helping you achieve your goals

-----------	-----------------

### GUARANTEED ANALYSIS

Crude Protein, Min %	14.50
Crude Fat, Min %	2.9
Crude Fiber, Max %	11.5
Calcium, Min %	1.0
Calcium, Max %	1.5
Phosphorus, Min %	0.65
Salt, Min %	0.80
Salt, Max %	1.3
Potassium, Min	0.9
Vitamin A, Min I.U./LB	6,000
Vitamin D, Min I.U./LB	3,000
Vitamin E, Min I.U./LB	11.00

### MIXING AND FEEDING DIRECTIONS

Feed at the rate of 7lbs/per head/ per day to supply 209 mgs of Bovatec/ per calf / per day.

**Feed Code: 2430**

## Stress Guard 5 w/ Decco

### Type C Medicated Feed

For coccidiosis prevention in ruminating/non ruminating calves, including veal calves, and acattle cause by *Eimeria bovis* and *Eimeria zuemii*.

### ACTIVE DRUG INGREDIENT

Decoquinatate	45.5 grams/ton
---------------	----------------

### GUARANTEED ANALYSIS

Crude Protein, Min %	14.00
Crude Fat, Min %	2.80
Crude Fiber, Max %	13.00
Calcium, Min %	1.00
Calcium, Max %	1.5
Phosphorus, Min %	0.55
Salt, Min %	0.90
Salt, Max %	1.40

### FEEDING DIRECTIONS

Feed 1.0 lb per 100 lbs of body weight to provide 22.7 mg of decoquinatate per 100lbs of body weight (0.5mg/kg). Feed for at least 28 days during periods of coccidiosis exposure or when experience indicates that coccidiosis is likely to be a hazard. Free choice good quality alfalfa hay and grass hay. Provide free choice salt and range mineral. Cattle should have access to an abundant supply of clean fresh water.

**Feed Code: 2401**

## 16% Calf Grower Texture

### GUARANTEED ANALYSIS

Crude Protein, Min %	16.00
Crude Fat, Min %	3.00
Crude Fiber, Max %	6.00
Vitamin A I.U./lb	5,000
Vitamin D I.U./lb	3,000
Vitamin E I.U./lb	10.00

### FEEDING DIRECTIONS

Feed to calves at a rate of 1-2 lbs per 100lbs body weight. Provide good quality roughage free choice

**Feed Code: 2435**

## 16% Calf Grower Pellet

### GUARANTEED ANALYSIS

Crude Protein, Min %	16.00
Crude Fat, Min %	3.00
Crude Fiber, Max %	8.00
Vitamin A I.U./lb	5,000
